PROCEEDS TO BENEFIT

THE ST. JUDE CHILDREN'S RESEARCH HOSPITAL

IN LOVING
MEMORY OF
SANDY
MARTIGNETTI
(1952 - 2011)

St. Jude Children's Research Hospital is internationally recognized for its pioneering research and treatment of children with cancer and other life-threatening diseases. The hospital's research has helped push overall survival rates for childhood cancer from less than 20 percent when the institution opened to almost 80 percent today. It is the first and only National Cancer Institute-designated Comprehensive Cancer Center devoted solely to children, and no family ever pays St. Jude for care. For more information, visit www.stjude.org.

St. Jude is unlike any other pediatric treatment and research facility. Discoveries made here have completely changed how the world treats children with cancer and other catastrophic diseases. With research and patient care under one roof, St. Jude is where some of today's most gifted researchers are able to do science more quickly.
